Off-roaders boom as the going gets rough; Motoring Eric Dymock

FILL IN ONE MISSING WORD

Growing popularity of 4WD vehicles.

DURING the consumer boom in August, _____ of recreational four-wheel-drive vehicles continued to soar. Almost 15,000 new off-roaders _____ registered, a rise of 66% over last year, amounting to more _____ 3.5% of the entire car market.

The Land Rover Discovery _____ the best seller. A total of 3,161 were sold in August alone, followed by the Vauxhall Frontera, which overtook the Suzuki Vitara with 2,273. Sales of more than 1,000 each were also recorded by the Isuzu Trooper, Jeep Cherokee, Land Rover Defender (the old regular Land Rover), Range Rover and Mitsubishi Shogun.

The new car market has _____ by nearly a third since 1988, but the four-wheel-drive sector has nearly doubled. Glass's Guide, the industry barometer of used car prices, _____ that demand for second-hand off-roaders remains high and prices are hardening, with the result that depreciation will remain low so long as the demand continues.

Newcomers are challenging Land Rover, _____ none has made a convincing case for being better through a peat bog or across a rocky scree. The Range Rover, Discovery and Defender are _____ as the best all-rounders in the business, although there are those who criticise build quality and reliability.

There is no doubt about the enduring qualities of Land Rovers. Professional off-roaders farmers, civil engineers or the military are more _____ to be at the wheel of Land Rovers than anything else. The number of 30-year-old Land Rovers still working not only shows how _____ they are, but also how easy they are to fix when something goes wrong.

When the Range Rover was _____ in 1970, it was a revelation. It had a top speed of close to 100mph and its handling was _____ good. No 4x4 came close. It was the first of a new generation of off-road vehicles that behaved like a car on the road and had the cross-country _____ of a Jeep.

At £17, 295 to £20,200 for the fully equipped five-door, the Land Rover Discovery MPi is a quiet-sounding four-cylinder, livelier than the diesel and more _____ than the V-8. The MPi has Rover's 2-litre 16-valve twin-cam engine with a modest 134bhp, and if you do not mind _____ gear frequently, it is lively enough and will give about 25mpg.

Interior detailing is good, with plenty of places to put things. There are nets in the raised portion of the roof at the rear, spaces for papers _____ the driver's sun-visors, and useful pockets in the backs of the front seats and in the doors.

The Discovery has a good deal in common with the Range Rover the chassis is much the same but it has a subtler, softer image and costs a good deal less.

Burglars in Britain are concentrating ON the homes of very AFFLUENT people. AS such houses are open for paying visitors during the day and this is the perfect OPPORTUNITY for thieves to check out the houses before breaking in at night. RECENTLY, Ripley Castle in Yorkshire was the target of criminals, but although NOTHING was stolen in the house - the thieves TOOK/STOLE several statues from the garden. They MUST have used lifting equipment to move them, as one statue weighed MORE than a ton. Police have mentioned one FURTHER problem in trying to find stolen PROPERTY, FEW owners have a really good record with photographs and measurements of the articles stolen. This MAKES it difficult to identify a recovered object or to warn antique dealers EARLY enough. The number of thefts has INCREASED rapidly in the last year - 45% more than the PREVIOUS year! The number of VIOLENT crimes has also increased - SOMETIMES owners were threatened with guns, others were tied up or handcuffed by gangs who will stop at nothing. Finally, a prison officer said that "The Antiques Roadshow" is the prisoners' FAVOURITE TV programme. No wonder thieves are so WELL informed!

Newcomers are challenging Land Rover, BUT none has made a convincing case for being better through a peat bog or across a rocky scree. The Range Rover, Discovery and Defender are KNOWN as the best all-rounders in the business, although there are those who criticise build quality and reliability.

There is no doubt about the enduring qualities of Land Rovers. Professional off-roaders farmers, civil engineers or the military are more LIKELY to be at the wheel of Land Rovers than anything else. The number of 30-year-old Land Rovers still working not only shows how POPULAR they are, but also how easy they are to fix when something goes wrong.

When the Range Rover was INTRODUCED in 1970, it was a revelation. It had a top speed of close to 100mph and its handling was REALLY good. No 4x4 came close. It was the first of a new generation of off-road vehicles that behaved like a car on the road and had the cross-country PERFORMANCE of a Jeep.
